The Board discussed the reasons for a Mandatory Recycling Ordinance at the Solid Waste Facility. The Town of Woodstock will support this new ordinance and will bring it before the town's people at Town Meeting. This ordinance will have to pass in both towns to be effective.

At the NHMA Conference the Department of Safety provided a session on “Workplace Violence Prevention.” They stated that an inspector from DOS will be visiting each municipality and making recommendation to reduce workplace risks and defuse personal safety. In order to comply with the DOS standards they are asking for barriers to be established to eliminate any contact between the public and employee (Tax Collector, Town Clerk, and Welfare Officer). They are also suggesting that panic buttons be installed at each person’s workplace. At this time they are not looking for this to be completed all at once but want to see a long range plan put into place.

Gil motioned to adjourn at 7:30 p.m. Jim seconded and the vote was affirmative.
