The workshop was called to order at 4:00 pm to open roof replacement proposals for the firehouse located at 6 Main Street and to discuss the possibility of providing water to Lincoln.

The Board did not receive any proposals to replace the roof at the main firehouse. The Board will discuss alternatives at their next scheduled meeting.

Joel explained that the Town of Lincoln is very low on water and has a chance of losing the Ice Castle. They have made a request for us to supply them with water.

The workshop adjourned at 5:00 pm.
