Old Business:
Rules of Procedure - There were no further changes to the rules of procedure. Since the July meeting constituted the first reading, this reading becomes the second. Scott motioned and Margaret seconded to accept the Rules of Procedure as presented. The secretary will present a clean copy in September for board members to accept and sign.

Shoreland Protection Ordinance - The highlighted areas indicate the State rules for Shoreland Protection. The Town can be more restrictive but not less. Prior to the September meeting, the Secretary will remove the crossed-out portions which were from the current ordinance and were not in-line with the current State of NH
Shoreland Protection Ordinance. Board members requested that the updated version be e-mailed to them so they can check the RSA references. Once the board approves the draft, a hearing must be held prior to the Annual Town Meeting in March. Bill Waterhouse had a question about enforcement. Basically, the violator would need to be caught in time by NHDES.

New Business:
Floodplain Management Ordinance - Copies of the Floodplain Ordinance as proposed by OSI were distributed to board members. Portions of the ordinance refer to zoning and a master plan. Since the Town is discussing the possibility of a zoning code and the Master Plan is up for review this year, discussion on the ordinance will be held beginning in September.

Budget for 2020 - Mike proposed cutting the budget in half. After discussion, it was decided to leave the payroll line as is and to cut the operating budget by $2500 for a new figure of $1000. Total budget for 2020 will be $2500. Scott motioned and Mike seconded. All members present voted in favor.
